S. KANN, SONS & CO.

We Have Reached the Climax.

Our stocks have the appearance of a jobbing house buying. Thery nook and corner in our immense establishment is piled high and lofty with the most seasonable goods. We've concluded that it's business folly to admire such an immense stock. There's only one way to reduce these little mountains of merchandise—that is by cutting an underground cave into the prices, and cause a collapse. We mean to do this very thing, and start the digging tomorrow, with such prices as quoted here to be used as picks.

69c a Yard for Silks Worth Up to \$2.00.

That's what we have been selling all the past week. We had 10,000 yards when the sale began, and now the quantity has dwindled down to about 2,500 yards. In order to bring about a clean sweep of the balance on hand, we have gone through our own immense Silk stock and selected here and there some new, bright, and beautful patterns of high standard quality, and added it to this list in order to give the second send-off a boom that will equal the first announcement. Remember,

that these Silks are all elegant in quality, handsome in design, stanch in wear, and down-trodden in price. Silks which still bear the market value of \$1.00, \$1.25, \$1.50, and \$2.00, to go at

Lively Lining Leaders.

When it comes to wear, fit, and appearance of a dress, linings deserve the greater share of the honors. Naturally we lay extra stress upon the feature of service, for our stock is bought with that in view. For it's an ex acting stock, priced exactly right for exacting shoppers.

These Are Hustling Days in Upholsteries.

Our great Upholstery Department isn't a bit too spacious for the steady trade that is beginning to wend its way to the third floor. What this department holds in the way of attractions is far from commonplace. You'll find summer draperies in all grades and colorings. A great big floor space for proper display for mattings and floor coverings. High-grade baby carriages and go-carts. Trunks in profusion, but there's one thing they all agree in-bargain prices.

Eighth and Market Space.

A Bill to Facilitate the Work Sub-

sent to both houses of Congress the draft of a biff "to regulate the collection of taxes in the District of Columbia," with ers that the legislation proposed in the bill is necessary to enable them to put into operation a system of records and accounts which has recently been adopted and which is designed to facilitate the transaction of business in the assessing and collecting of taxes, and for the greater

convenience of the public having business with the Tax Department. The Commissioners may that in their opinion no advantage is derived either by the taxpayers or by the municipality from the existing law prescribing the payment of general taxes in two installments. On the contrary, the Commissioners think that this requirement is the cause of much embarrassment in the administration of the Tox Department. The bill proposed

\$1.95

bereafter, beginning with the fiscal year commencing July 1, 1900, the whole tax on real and personal property in the Dirict of Columbia shall be due and payabin in the month of May of each year; and it had been deady to be collected in the same vided by law. Provided, that the Secretary of the Treasury is hereby authorized and directed to advance to the disbursing officer of the District of Columbia, in the manner now prescribed by law, out of any money in the Treasury of the United States not otherwise appropriated, such sums as may be necessary from time to a recommendation that it be promptly en-acted. It is explained by the Commission-ers that the legislation proposed in the said District out of the taxes and revenue collected as herein provided for."

On for suburban sewers for the fiscal year

1961; that sewers be constructed in the north alley of square 250 at an est mated cost of \$400, and in the east side of Thirfor enactment is as follows:

"Be it enacted by the Senste and House of Representatives of the United States of América in Congress assembled, That

\$2 and \$2.50-for

in the case have signified to the Commi-sioners that they will dedicate the lar to the District for the sum of \$15,000, which they consider the tract worth.

With reference to the title in the prop

erty one of the attorneys of the estate erry one of the attorneys of the estate claiming it recently wrote to the Commissioners, suying that when the tract of land called "Kalorama" was subdivided into a number of lots and streets, among which was Q Street, it appears that Q Street was not opened between Twenty-second and Twenty-third Streets, a discrete of 22 feet having a width of 50 feet. ORDERS FOR PUBLIC WORK.

The Building of Sewers Soon to Be Undertaken.

The District Commissioners have ordered that a sewer be constructed in Cincinnati Street northeast, between Third and Fourth Streets, at an estimated cost of 1925, chargeable to the appropriation for suburban sewers for the specially of the special property. This step Captain Beach thinks necessary for the property and to list it for taxation purposes, and that the Assessor be requested to inform the Commissioners of the amount of taxes due to date on said property. This step Captain Beach thinks necessary for the proper protection of the necessary for the proper protection of the interests of the District.

It is understood that the other Com-missioners will concur in the views of Cap-tain Beach and that after settling the uax

question steps will be taken to acquire

DOUBLING THE GUARDS. The Commissioners Favor More

Watchmen at the Male Workhouse. Repiging to the House resolution of enmiry relative to the appointment of adlitional guards at the male workhouse, the District Commissioners have recommended that the number be doubled. This action was determined upon after receiving the report of the Intendant of the Washington Asylum, to whom the resolution was re-ferred. In this report the intendant said: "An increased number of guards for this

natitution is greatly needed. The hours of duty are too long, and by doubling the number of guards the service would be ma-terially improved. There are at present six overseers at \$500 each per annum and five watchmen at \$365 each per annum, making an aggregate of \$5,425 a year for salaries. I estimate \$150 per annum for board for each additional man employed, making \$1,650, so that the total additional expense to be appropriated annually would be \$7,075."

ANTI-CIGARETTE CRUSADE. Mr. Alward Wins His First Suit in

ant was Tobin Goldstein, a dealer, who was charged with selling cigarettes to Clarence Washington, a colored boy. Goldstein was convicted and ordered to pay a fine of \$10.

It is understood that twenty warrants are to be issued at the request of Mr. Alward against the many alleged violators of the Cigarette law. Mr. Alward, it is of the Cigarette law. Mr. Alward, it is said, spent the entire week past in secured in the warrants. He ninded application for eighteen warrants Friday and yesterday add three names to the last.
